10 May 2010

Dear Parent/Guardian

We will be holding end of year 9 exams in Science after the half-term break. The exams will be held during timetabled Science lessons in the week beginning Monday 7th June. The results of these exams will be used with the continuous teacher assessment to determine the setting for next year.

The exam will cover topics from the whole of Key Stage 3 (years 7, 8 and 9). Accordingly, we will be beginning revision programmes in lessons to help students prepare. However, it is essential that they supplement this with their own personal study. Resources have been placed in the Science area (found under 'Curriculum') of the Virtual Learning Environment, which can be accessed from the school's main website. Pupils have been given their log-in details for the VLE and should contact their tutors if there is a problem. For pupils without internet access alternative provision at school and revision guides will be made available - see your Science teacher for details.

I cannot overstate the importance of these exams and urge you to encourage the pupils in their revision.

Thank you for your support.

Yours sincerely

Dr. Court .

Dr R Court
Second in Science
